Seeks Air Service Between Canada and West Indies

OTAWA, Sept. 18.—The establishment of an air route between Canada and the West Indies as a definite step toward closer commercial relations between the two countries is being urged by Mr. J. H. Macdonald, M.P., Minister of the Interior, in a speech in the House of Commons today. Mr. Macdonald stated that he had been informed by Mr. J. H. Macdonald, M.P., Minister of the Interior, in a speech in the House of Commons today. Mr. Macdonald stated that he had been informed by Mr. J. H. Macdonald, M.P., Minister of the Interior, in a speech in the House of Commons today.

HOME PRODUCTION OF COAL DECREASES

OTAWA, Sept. 18.—Canada's coal production during July amounted to 1,000,000 tons, a decrease of 114,000 tons from the 1,114,000 tons of the month of June. The output of the month of July was 1,000,000 tons, a decrease of 114,000 tons from the 1,114,000 tons of the month of June. The output of the month of July was 1,000,000 tons, a decrease of 114,000 tons from the 1,114,000 tons of the month of June.

CANADA AND U.S. MAKE MORE PAPER

OTAWA.—The United States and Canada together produce about as much paper as all the rest of the world combined, according to recent estimates. The other outstanding producers are, in order of their importance, Germany, Sweden, Norway, Finland and Japan. This latest figure available for these countries for 1927 and shows that in the production of paper, Canada ranks fifth, with the United States, Sweden, Norway, Finland and Japan following in that order. In the production of paper and board the United States ranks first, with Canada second. The latest figure available for these countries for 1927 and shows that in the production of paper, Canada ranks fifth, with the United States, Sweden, Norway, Finland and Japan following in that order.

Enterprise Social Club

The Enterprise Social Club held their first social evening of the season at the home of Mr. and Mrs. J. M. Johns, the beginning of which was very successful. There were thirty-four people present, and a very happy time was spent. The evening was very successful. There were thirty-four people present, and a very happy time was spent.

Warns Students of University Costs

OTAWA, Sept. 18.—Canadian students planning to study in colleges and universities abroad should be acquainted with the general costs. Although statistics are not available as to the expense attached to study in foreign institutions of higher learning, students are sometimes unprepared when expenses are higher than they anticipated. Because of the popularity of the study abroad, the University of Toronto, London, England, the daily running expense is about \$1.00 per day, including board, and the cost of the book and stationery, and all other expenses for a month of study.

New Brunswick is Encouraging

FERRISBURGH, N.B.—More than 700 square miles of territory have been set aside in New Brunswick for game sanctuaries, where game and for hunting animals may be increased in numbers as to its reach the boundaries of the province. This is a result of the establishment of the Hunter Game Refuge, and the establishment of the Hunter Game Refuge, and the establishment of the Hunter Game Refuge.

For Farming One Industry To Show Some Development

OTAWA, Sept. 8.—Farming just as the Government indicates a 22 per cent development in capital is required for its future in Canada during 1930. It is fewer than \$300 for farms, representing an investment of \$2,000,000 reported, with for farming animals, representing a 71 per cent of the total. For farming one industry to show some development. It is fewer than \$300 for farms, representing an investment of \$2,000,000 reported, with for farming animals, representing a 71 per cent of the total.

Hand Hills Constituency of Women's Institutes

13th Annual Conference Held at Munson. The recently rebuilt United Church of Munson, with its decorations of period plates and pictures of the various Women's Institutes, was the scene of the 13th annual conference of the Hand Hills Constituency of Women's Institutes. The ladies, many of whom were from the various institutes were represented, and about one hundred members and friends registered during the day. The evening session, which was held in the hall, was presided over by Mrs. J. E. Brown, of the constituency. The business session was held in the morning and afternoon, and with the exception of Mrs. J. E. Brown, of the constituency, the business session was held in the morning and afternoon, and with the exception of Mrs. J. E. Brown, of the constituency.

Get Your Grain Truck Ready

Here Are Your Tires

"It won't be long now" until you'll be putting your grain truck back into hard service. How are its tires? We've got a big stock of Goodyear Heavy Duty Tires well like to show you. They're mighty heavy because they're made with Goodyear Super-Tread. And they've got a tread that's built in for pulling you out of the mud. Your size is here, and the price is right.

Notes from Sunbeam

Miss Mayhew Dunn, who has been at Harter, is spending some time with her parents here. The little daughter of Mr. and Mrs. Doug. Johnson was taken suddenly ill on Sunday afternoon. She was rushed to the doctor as quickly as possible, and the latest report is that the little one is doing nicely. Mr. and Mrs. Davies have moved to Drumheller, where Mr. Davies is going to pursue work for the Dominion. Quite a number of the children of this district have been let, and not able to attend school. Irene Riddle had to leave the attention of a doctor. We hope this epidemic may soon be checked. The many Sunbeam friends of Mr. and Mrs. Leckie, of Delta, are glad to see them back from their vacation. They report a pleasant sojourn among old friends in the East. Tragedy is sometimes one woman's trial, whilst trial is some woman's tragedy. The total area now in all field crops in Canada this year is estimated at 20,077,000 acres, of which 21,000,000 acres were now in wheat.

Build Roads for Relief

Invents Gas Detector

Idea of London Boy With No Of Great Benefit To Minors

A wonderful invention by a London boy, which will save many lives by early detection of gas, is the subject of a patent application.

The inventor, a young man named Pritchard, has produced a "magic" apparatus for the detection of gas. It is a small, portable device which can be carried in the pocket of a coat or a bag.

The apparatus is made of a small, portable device which can be carried in the pocket of a coat or a bag. It is a small, portable device which can be carried in the pocket of a coat or a bag.

JONAH—THE NARROW NATION—ALIST REBUC

Golden Text—"For I truly perceive that God is no respecter of persons, but in every nation he that feareth him, and doeth right, shall be acceptable to him."—Acts 10:34, 35.

Lesson: Read the Book of Jonah. Devotional Reading: Psalm 138.

Explanations and Comments: Jonah's Deliverance, chapters 1 and 2. "Wherever we are conscious of an urgent voice, we are to obey it, wherever we are conscious of an urgent voice, we are to obey it, wherever we are conscious of an urgent voice, we are to obey it."

Jonah's Deliverance, chapters 1 and 2. "Wherever we are conscious of an urgent voice, we are to obey it, wherever we are conscious of an urgent voice, we are to obey it, wherever we are conscious of an urgent voice, we are to obey it."

PATENTS

No matter how severe, you can always have immediate relief.

Aspirin TRADE MARK

Not Traded For Space

Accommodation On R-100: More than 100 passengers can be accommodated on the R-100.

When the British Air liner R-100 was over Ottawa, it was difficult to believe that the ship's weight in the air is actually over 100 tons.

In length R-100 is larger than any other ship in the world. Its length is 100 feet.

Passengers on the air liner have been accommodated on the R-100. The ship is 100 feet long.

Under construction, when the long sea liner is completed, it will be 100 feet long.

Long before R-100 has reached the present age of the British liner, the ship will be almost entirely by air.

Popular On British Market

Export of Canadian Air at Good Price is Foreseen

The increase in popularity of Canadian air is now being marked, coupled with an acute shortage in the United States, is the basis for the forecast by the Steel Institute of the Department of Agriculture, as it is now being marked.

Canadian air has secured for itself a high reputation during the last three years, and reports indicate that among particular countries it is preferred to anything flown in Great Britain. This is another case in which the quality of the goods is the basis of the demand.

"I never knew until I got a car," said a man, "that publicity was so prevalent."

"Do you hear much of it on the radio?" "Why," replied the bishop, "nearly everybody I know keeps a radio."

A philosopher of the fourteenth century has left it on record that "which they do to good, that which they do to evil, that which they do to good, that which they do to evil."

Round fires are to be made in Paris, Czechoslovakia.

Be Certain of SAFETY Build with Gyproc

Fire can hurl your home to destruction unless a fire-resistant material such as the new Gyproc Wallboard or Gyproc Wallboard is used in its construction.

Inexpensive, permanent, easy to apply, Gyproc Wallboard or Gyproc Wallboard is exactly what you want for fire-safe walls, ceilings and partitions. It can be removed or repaired.

Ask your dealer today for full information on Gyproc Wallboard or Gyproc Wallboard. It is exactly what you want for fire-safe walls, ceilings and partitions. It can be removed or repaired.

An English Invention

People Have Been Playing Musical Box For Years

Most people think that musical boxes are an American invention. Not so. The English have been playing it for years. Almost every park in London, England, has its own musical box.

THURSDAY, SEPTEMBER 18, 1930.

IMPERIAL CONFERENCE

It is announced in English that

Premier Macdonald will arrive in

the Imperial Conference on the first

representative of the two leading

opposition parties, the Conservatives

and Liberals.

At the time of the last Imperial

Conference, one of the prime

representatives of the leading

Canadian opposition parties, the

Conservatives and the Progressives,

Mr. Bennett, who was then

Minister of Finance, and who was

highly respected by the Empire

politics worked out at such

conferences should not be subject to

the same fate as the late

representative of the British

countries of the Empire as that

which was continually in the

development of Imperial politics.

This would be a great

deliberations participated in by

all political groups.

The function of an

opposition party is to

criticize intelligently

politics introduced by the

Government in power. A

criticism of the Government

as a whole is not the

function of an opposition

party. The function of an

Local and District

A number of local notables left

Monday morning, in quest of

the ducks. These include Messrs.

Stan, Walker, Leo Horvath, W. J.

Burns, G. E. Kennedy, Fred An-

derman, D. H. Campbell, and W. B.

Dunlop. It is said that the water

was not so good, and the ducks were

not so good.

Rain fell in this district during

Friday night, and heavily on

Saturday morning, and it was

again raining on Saturday night,

and early Sunday morning.

There has been little or no frost up till

the present. Bright, cool, and ideal

weather. Dry fall weather now prevails.

Youngsters.

Rev. H. Macdonald is expected

to conduct the Annual Theological

Service at Delia on Sunday,

October 5th. He will also give an

address on the following Sunday

evening, when the Ladies' Aid will

give their annual supper.

The Sacrament of the Lord's Sup-

per will be administered in Delia

United Church at the close of the

service, Sunday evening. There is

no better way to spend Sunday

evening than in the public worship

of God. You are invited to our

services.

Mr. W. H. Macneil, whose service

as student minister on the By-

ron mission, has been greatly

appreciated, together with much

acceptance at Delia. Mr. Mac-

neil, who is a very capable

clergyman, will be in Delia on

Sunday, and will be in Delia on

Sunday, and will be in Delia on

Sunday, and will be in Delia on

Sunday, and will be in Delia on
